

Who is picking YOUR stocks for YOU?

Most stock brokers collect a commission every time you buy or sell a stock, regardless if you make money or **LOSE MONEY!**

Most stock picking services have a similar approach to picking stocks **much like throwing darts at a dart board!**

GorillaTrades' risk-averse trading system takes a calculated approach to investing, **like no other!**

- Recent GorillaPick Medivation Inc. (MDVN) closed for a **+25.5% profit in less than 3 weeks!**
- Recent GorillaPick Edwards LifeSciences (EW) closed for a **+29% profit in under 7 weeks!**
 - Recent GorillaPick Valspar (VAL) closed for a **+31.5% profit in under 7 weeks!**
- Recent Option Idea on ConAgra Foods (CAG) closed for a **+40% profit after just 1 week!**
- Recent Option Idea on Tyson Foods (TSN) closed for a **+60% profit in less than 2 weeks!**

****Just to name a few!***

*In fact, the other guys frequently make huge promises, without ever living up to their claims! These same monkeys often charge **double, triple or quadruple** the cost of a GorillaTrade subscription, without ever even coming close to the Gorilla's results!*
